

## Bronze Award Level

### Sustainable Transport

- Bronze Level applicants will be able to demonstrate they promote sustainable transport in the workplace.
- They will be able to demonstrate they encourage staff to consider alternative routes to work other than single occupancy car journeys – this could be through offering public transport discounts to staff, cycling support, car sharing bays and more!
- Cycling is encouraged and new starters are sign posted to monthly support and services promoted from The Hub

### Carbon Reduction

- Bronze Level Applicants will have introduced energy saving measures to reduce electricity – sensor controls on lighting, power save modes,

### Water Saving

- Bronze level applicants will have low capacity flushing toilets, fitted with water saving controls.

### Waste/ Resource Use

- Bronze Level Applicants will encourage staff to Recycle regularly and will have designated bins for this purpose.

### Ecology / Environment

- Bronze Level Applicants should be able to demonstrate that they have encouraged staff to think of the impact their litter could have on the surrounding environment.
- This could be through promoting the Quorum Fresh Air Policy and making sure smokers only smoke in designated shelters.
- Communicating with staff ahead of the summer time to remind them to be courteous with litter on lunchtimes especially around the Quorum Letch.
